

IOWA’S GIFT TO THE WORLD ----- APPLICATION for Funds

Through IOWA’S GIFT TO THE WORLD FUND, the Rotarian Action Group for Clubfoot (RAG4Clubfoot) supports the role of Rotarians around the world in helping provide timely Ponseti Method treatment for individuals born with clubfoot. The FUND primarily supports high-quality training programs in conjunction with Rotary Foundation global grants. FUND support includes:

1. Matching funds for Rotary grant applications.
2. Funding training related activities that are not eligible for funding from the Rotary Foundation.
3. One-time funding of post-training activities to facilitate the establishment of new clubfoot clinics.
4. Other one-time special (emergency) funding for supplies, equipment or travel.

The FUND’s general guideline is that at the beginning of each calendar year:

- 90% of the funds available are for training-related activities (# 1-3 above)
- 10% of the funds available are for special requests (# 4 above)
